

OMAN

Pets (dogs and cats) entering Oman require an import permit from the Ministry of Agriculture and Fisheries, Department of Animal Health, before shipment. Application forms may be obtained from the Ministry by one's sponsor and must be submitted with a copy of the pet's rabies vaccination record and a veterinary health certificate. Vaccination certificates must be dated between one month and six months prior to arrival in Oman. Dogs and cats must be at least four months old to be allowed into Oman. Further, a second veterinary health certificate dated no more than one week prior to arrival of the pet into Oman is required. The original rabies vaccination record and the veterinary health certificate must accompany the pet. Pets may be subjected to a six-month quarantine, if veterinary authorities are not satisfied with the health condition of the pet and/or certifications. Pets must be manifested as cargo on an airway bill when transported by air. Note: For importation of other pets (birds, fish, reptiles, etc.), please contact the Directorate of Animal Health at telephone: 968-696-300, ext. 1510/1513 or by fax at 968-694-465/696-271 for current information.
